

TDIR.2

Confirmation Trail Totem

The TDIR.2 Sign type is an informational sign for all trail users and provides pictogram information and endpoint destinations with mileage. These signs are located along the trail providing general direction and confirmation that users are going the correct direction.

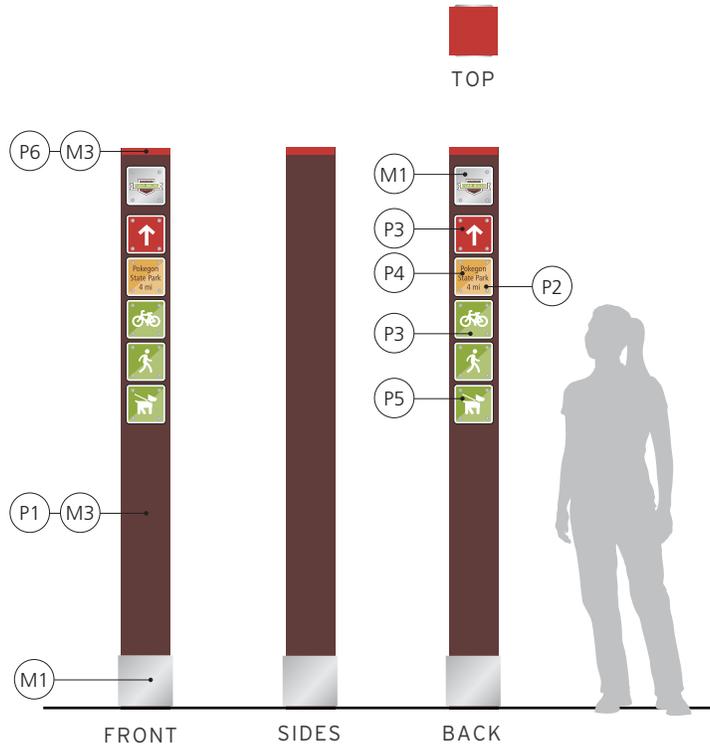

A maximum of 7 panels may be used on these signs. The top will always be a Trail ID logo, the Directional arrows are placed on a red background, end destinations are on a yellow background and trail icons are on a green background. Panels are perpendicular to the trail.

A Layout is shown below for the graphic panels on this sign.

This is a double-sided sign. This sign is not reflective.

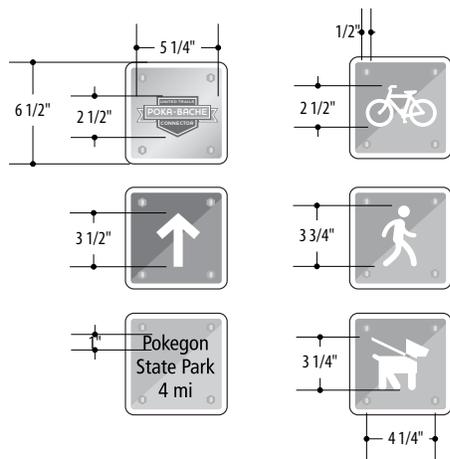

Refer to page 2.4 for the paint and material callouts on this drawing.

Refer to the following page for an elevation drawing of this sign type.
